Coach is working with Principal Robinson and Superintendent Cruz to change cheer program policy at a district level. The end goal is to bring more structure to the program and have it recognized as an athletic program. This will be a long process, but it's very positive the district is starting these discussions.

- 2018 Kiddie Camp: Location update  
The Bowie campus is closed the month of June and July due to construction prep based on the recent bond that was passed. We have been in contact with Gorzycki Middle School and they will be working with us to hold the Kiddie camp at the middle school during the time we have scheduled: 7/16-7/19. We are working out the details and more information will be forthcoming.

**President: Stacy Bailey**

- Review new board positions  
Stacy reviewed the new board positions, the structure of the board and the coordinator positions. The final version is included in these minutes as an attachment. A vote was held and 29 boosters voted to approve this new board recommendation. Quorum was met on the vote so it is officially approved by the booster.
